

# Invitation to lecture:

**prof. Kateryna Makova**

**Pennsylvania State University, USA**

## **Non-B DNA and evolution**

**April 27, 2022, 1pm,  
lecture hall**

**Institute of Biophysics, CAS**

Kateryna Makova is a Professor of Biology in the Eberly College of Science at Pennsylvania State University, USA. She is also a Director of the Center for Medical Genomics. Her scientific interests are molecular evolution, population genetics, evolutionary genomics, bioinformatics, and human genetics.

Her papers were cited > 15 000 times, H index =50.
